BO DE GROOT

Certified Electrician
and
Full Stack Developer
Specialized in Predictive Analytics

PROFILE

Certified Electrician with 5 Years of residential, commercial, and industrial experience. Proven the ability to complete large projects within given timeframes or ahead of schedule, ensuring all safety guidelines are adhered to. Demonstrated the ability to work well in a team driven environment, as well as independently.

My background as an electrician has equipped me with a unique set of skills, including trouble shooting, attention to detail and an understanding of complex systems, that will benefit me in the tech world.

Currently I am studying to become a certified full stack developer. I am highly motivated with a passion for learning and have a strong work ethic. I am eager to finally work and learn more in the tech world!
